STATE-WIDE OR NOT

IS THE BIG ISSUE IN KENTUCKY POLITICS FROM NOW ON

Question Coming To Vote Soon And Leaders Who Have Been On "Wet" End Are Up In Air

The question of submission of the state wide prohibition amendment to the constitution of Kentucky, is the sole subject of discussion by the political writers of the daily papers nowadays. The action of the Louisville Times in demanding submission as soon as possible has stirred up a hornet's nest among the whisky element, and especially among these leaders of the democratic party who have always taken the wet side in politics. The Times claims to be actuated in its suggestion solely by a desire to get this matter out of politics. The Interior Journal and other papers which have stood for temperance and state-wide for years, have urged all along that the liquor question would be the biggest thing in every political race until it was settled finally by vote of the people, and the Times at last seems to be coming around to the view that the real temperance papers out in the state, have maintained for years.

Anyway the "big fellows" are stirred up over the matter, and from now on it's to be a wet or dry fight, with the wets seeking to obtain every advantage to prevent state-wide from carrying when it comes to a vote which is assuredly soon and certain. The Louisville Post told Monday of a conference of prominent democrats held in that city Saturday and Sunday, as follows:

Two conferences were held in Louisville Saturday and Sunday for the purpose of considering plans to check the growth of the State-wide prohibition movement in Kentucky and it is understood that considerable difference of opinion manifested itself at the conferences.

The first meeting was held late Saturday afternoon at the Seelbach Hotel and was made up exclusively of men engaged in the beer and whisky business. Mr. John Klacker, a brewer of Newport, Mr. Chas. M. Lewis, of Washington, and Mr. Lawrence Reichert, of Louisville, were the most prominent men at this conference, although others were present.

The second conference was held Sunday morning at the Seelbach and was made up of Democratic politicians who have been allied with the liquor interests in most of their fights. Senator Ollie M. James and Governor A. O. Stanley were the leading participants in this conference. Various Federal office holders, who secured their places upon recommendation of Mr. James, were present, as were Judge Chas. Hardin, the chairman of the Democratic Committee, and others of the James-Stanley faction. The liquor men remained about the hotel while this second conference was in progress and messages were passed back and forth.

After the conference various of the followers of Mr. James and Mr. Stanley, who were not admitted to the meeting of the Senator and the Governor and their friends, were told that no definite decision had been reached in regard to a policy for fighting the State-wide movement. It was given out that the suggestion that the Governor request the legislature at the extra session in January to submit a State-wide amendment to be voted upon next November met with much opposition. It was stated that the leaders were informed that the best legal advice obtainable was that such an amendment cannot legally be permitted at an extra session and all that would be accomplished would be to strengthen the movement to submit the amendment at the next regular session which is to take place a year from January.

Mr. Klacker, the brewer from Newport, is much opposed to the whole plan, and it is predicted that Senator James and Governor Stanley will side with him.

The attitudes of both the political parties were anxiously discussed at both meetings. The Democratic league for the submission of a State-wide amendment, of which Dr. A. J. A. Alexander, of Woodford county, is President, was admitted to be growing rapidly in strength. On the other hand all the leaders present stated frankly their belief that the republican party in Kentucky is headed straight for the dry camp. That the Republican members of the legislature will be nearly solid for the submission of a State-wide amendment, and that the bulk of the Republican vote will be cast for the ratification of that amendment when it is submitted is the belief of Governor Stanley and all of his associates.

Although much perturbed over the

whole situation, the brewers and distillers are said to be satisfied with the attitude of both Senator James and Governor Stanley, and confident that they can rely upon the support of that faction in the fight that is ahead. There was said, however, to have been a strong disposition to sidetrack the Governor as much as possible, and make Senator James the leader of the anti-prohibition fight.

Democratic committees will be elected Saturday of this week in every county of the State, and plans were discussed at the Seelbach conferences for these fights. It was stated that Dr. Alexander's association is hard at work on this proposition.

Weil Gets An Extra Fancy Load From Knox In Boyle

Some fancy Christmas beef cattle, which J. R. Knox, of Boyle county, had extra fat and fine, brought the highest price heard of for beef cattle in this part of the state, and probably the whole state, this season. Acting for Simon Weil & Son, of Lexington, who buy for the Consolidated Dressed Beef Company, of Philadelphia, J. H. Baughman, south of Danville, paid Mr. Knox \$10 a hundred pounds for them, which is from a cent to a cent and a quarter above the local market. These steers were extra fine in every way, however, and were for the choicest eastern Christmas trade. They averaged over 1,500 pounds when put on the scales for delivery.

GOOD MEETING CONTINUES

The meeting at the Baptist church continues with unabated interest. Large crowds attend each service and frequently at night's chairs are used in order to seat the crowds. The sermons of Evangelist Bryan are marvels of simplicity and sweetness and the attention given them is marked. The evangelist is proving himself an able expounder of gospel truths and a humble godly man, who is calculated to do much good. Dr. Early's remarks before and after each sermon are most appropriate and the good man is intensely interested in the meeting and the welfare of his fellow beings. The meeting will continue each morning and evening until further notice. There have been nine additions to date.

Local Birds Win Honors

Lombardy Heights Chickens Get the Big Money at Richmond.

The Lombardy Heights Poultry Farm, of this city, John O. Reid, proprietor, almost swept the boards clean in every class in which it had entries at the Kentucky State Poultry Show which was held at Richmond last week in connection with the Madison County Agricultural Show. This was perhaps the largest poultry exhibition ever held in the state, and the local birds went up against prize winners from all over this and neighboring states, and more than demonstrated their superiority. They won a total of 29 blues or firsts; 19 seconds, six thirds and four fourths, and in addition won the four A. P. A. specials, for each class, two silver cups, seven merchandise specials and four cash specials. It was a great show made by the Lombardy Heights birds and was a big feather in the cap of Mr. Reid that his birds could go up against the extremely high class competition which they met and come off with first honors for such a show.

The poultry show was judged by Judge H. A. Pickett, of Scott county, where he has been government farm demonstrator for some time. The classes in which the Stanford birds took the ribbons were as follows:

ANOTHER VETERAN GONE

Ansel Baugh, a civil war veteran and well known citizen of Stanford, died suddenly at his home on Whitely avenue about half past four o'clock Saturday afternoon. Organic heart trouble was the cause of his death. Mr. Baugh was a member of the Stanford Baptist church and had been faithfully attending the revival services now being conducted there, up to the time he was stricken. He moved to Stanford from the Highland section where most of his life had been spent and where he leaves many relatives. He was married several times and is survived by grown children. When the civil war broke out Mr. Baugh enlisted in the union army. As he entered the first battle, a shell tore away his left arm and maimed him for life. Mr. Baugh was 82 years of age, though scarce showing his age. Funeral services were conducted at Fairview Baptist church Monday afternoon by Mr. J. C. McClary, followed by interment at Highland.

Big Fire At Irvine

Breaks Out Early In Morning and Causes \$250,000 Loss.

Fire originating in the City Restaurant at Irvine, Estill county, at 1:30 o'clock Saturday morning destroyed an entire business block and caused a loss of \$250,000. When discovered the fire had gained such way that it could not be checked, and spread rapidly until only charred embers remained. The fire is supposed to have started from a coffee urn in the restaurant building. The burned area composed half the business district of Irvine. The town has no waterworks, but fortunately there was little wind blowing. C. C. Dunn the man who drilled the first oil well in the now famous Irvine field, was asleep in his office when the alarm was sounded and he made a slide for life down a telephone pole guy wire escaping from the burning building. A man rooming above the Lyric moving picture show jumped from the second-story window when the flames cut off his escape, by the stairway. He was unhurt. Tom Buford, contractor for the fireproof Williams bank, dropped dead of heart failure shortly after the fire broke out. The excitement hastened his death.

The individual losses were: City Restaurant, partially destroyed, \$10,000; T. Q. Wallace, haberdashery shop, \$10,000; Lyric moving picture show, \$10,000; Williams Bank, \$15,000; building containing the Maple Oil Company's office, Dr. Wilson's office; City Hall and Mrs. W. T. Davidson's millinery store, \$15,000.

Besides these buildings, which were destroyed, many others were damaged. The W. E. Howell jewelry shop and the Williams residence were damaged. The new three-story brick building under construction, at the corner of Broadway and Main street, was in the path of the flames, but because the interior woodwork was only partly completed it suffered no appreciable damage. The large vault of the Williams Bank remained undamaged and stands alone amid the charred embers. Most of the owners carried insurance.

Hudspeth, Bowman Myers, Transylvania University, Mrs. George Crow, of Danville, Miss Ethel Hoskins, Chicago, Miss Elizabeth Phillips, Liberty.

Dr. Bertie Carpenter while on her way home from down in town Saturday evening received a badly sprained ankle, while trying to dodge some children, who were coming at break neck speed down the concrete pavement in front of the Christian church. A young man was in a toy wagon coasting down at full speed and to keep from being run over by him, Miss Carpenter stepped off to the side into an open post hole, where the fence had been moved from around the church yard and the hole never filled up. She has been suffering greatly from the sprain. Why can't we have an ordinance against such violations as the walks are for the people to walk on and not to ride on? J. H. Reid, who holds a nice position in Danville with Pushin Bros., came over Sunday and returned Monday morning. He is much pleased with his position.

George Tucker left Monday morning for Casey county to purchase fat hogs. Born, on Nov. 17th, to Mrs. Grace Jones, a girl.

The entire line of the Alt River in Rumania, running north and south through the country from the Transylvania Alps to the Danube now is in the hands of the Teutonic Allies. In all directions the invaders are continuing to make progress, with Bucharest, their main objective, daily coming nearer. Alexandria, forty-five miles southeast of Bucharest, has been taken by Field Marshal von Mackensen's troops.

In a big battle extending over a front of about seventeen miles north-west and northeast of Monastir—between Trnovo and Makovo—the Entente Allies, according to Berlin, have met with a severe defeat.

In the Wallachian region of Rumania, the Austrians and Germans are everywhere keeping up their pressure against the Rumanians, whose perilous position has in no way been ameliorated. Late reports, indicate that the Germans and Bulgarians have taken more ground from the Russians near Monastir.

DEATH MAY ENSUE

ASSAULT ON WAYNESBURG MAN SATURDAY NIGHT

Mitchell Dotson Found In Macksville With Fractured Skull—"Big Foot" John Suspected

Mitchell Dotson, a young man of the Waynesburg section, was probably fatally wounded last Saturday night when he was struck on the head by a negro in Macksville. It is believed that a slung shot or billy of some sort was used for the dastardly deed, for a fearful gash was cut in the left side of Dotson's head and physicians said that his skull was undoubtedly badly fractured.

"Big Foot" John Engleman, who has been charged with the crime, was seen leaving town early Monday morning, after a report became circulated that Dotson was dead. Chief of Police B. D. Carter, who had been working diligently to learn Dotson's assailant, says that he has a witness who says "Big Foot" John was seen to strike Dotson and then leave him lying in the middle of Maxville street, where he was found later and brought by Chief Carter to town. A number of Maxville residents are reported to have seen the man lying prone in the street after he was assaulted but were afraid to go to his assistance for fear that they would be thought guilty of the crime.

Dotson came to town Saturday afternoon with Green Gooch, a well known stock buyer of the southern part of the county. They had a herd of steers taking them to Lancaster for court day sale Monday. They planned to spend Saturday night in Stanford. About 8 o'clock, Mr. Gooch went to a barber shop for a shave and left Dotson outside. When next he saw him, he was lying sorely wounded and unconscious. Up until the time, the injured man was placed in an auto to be taken home, he had not regained consciousness.

Dotson is about 32 years of age and is unmarried. He makes his home with his aged mother, and is her means of support. He has worked for Mr. Gooch a number of years in the cattle business and Mr. Gooch says he has always found him absolutely faithful and that he wouldn't harm a soul in the world. The sum of 75 cents was found in his pockets when he was brought to town, so just what the motive of his assailant could have been is not known. The negro who is charged with the crime is a well known character and has been mixed up in a lot of petty thievery and other meanness several times. It is thought that he planned to catch a freight train some where west of town or else make his way to Junction City and catch a freight there for the south. Chief Carter is satisfied that he will have him in custody very soon, however.

BOOSTING JAY HARLAN.

A number of prominent Democrats of Boyle county were here late last week, talking with local democrats about the prospective candidacy of Hon. Jay Harlan, of Danville, for the democratic nomination for state senator from this district, composed of the counties of Boyle, Lincoln, Garrard and Casey. They argued that it is Boyle's time to furnish the senator in the system of rotation, and that Mr. Harlan would make a splendid senator in every way. In the delegation which came over were County Attorney Henry Jackson, County Clerk John B. Nichols, Chenault Huguley, Judge George Stone and Mr. J. H. Baughman, of West Boyle.

MORELAND SCHOOL NEWS

Last Friday, Nov. 10, which was designated by James B. McCreary, as Arbor Day for the Commonwealth of Kentucky, was duly observed by the planting of trees and such other ex-

ercises as were deemed proper.

The program which consisted of songs, readings and recitations was held in the house and then all retired to the yard where each class with appropriate ceremonies planted its tree.

The teachers and pupils were deeply grieved over the death of one of efficient patrons, the wife of our trustee elect, Mr. Wm. Ellis, who died last Thursday. She was a woman that will be greatly missed in the school, church and whole community and indeed we have lost a patron whose place will be hard to fill. The school was dismissed Friday for the funeral. A beautiful floral tribute was given by the school due to the esteem of her three children, Grace, Ida and Clayton, who are pupils in school.

Little Grace Messer, who has been very sick with pneumonia at her home on Milledgeville pike is improving rapidly and will soon be back at school.

Misses Ara and Clara Johnson, who have been out of school for two months on account of the serious illness of their mother, Mrs. George Johnson, are back at school again.

Miss Lora Pipes and Master Cecil Pipes, of Dayton, O., who were visitors of Dr. and Mrs. M. Lee Pipes were visitors at our school last Thursday.

Miss Eva Merriman, one of the bright pupils of the 7th grade and who has been quite ill with malaria for several weeks is able to be out again.

Owing to the inclement weather and the length of the days we are only having one-half hour at noon so we dismiss now at 3 o'clock.

Mrs. M. Lee Pipes is suffering from a severe attack of rheumatism.

Mrs. Wm. Short of Middleburg, was the week end guest of her nephew, Walter Moser last week.

Boone Way Is Fine

Between Lincoln and Mt. Vernon,
Says Rockcastle Editor

Editor Edgar Albright, of the Mt. Vernon Signal "ran over" to Stanford from Mt. Vernon in his "lizzie" one day last week, in an hour and 15 minutes, which is certainly "going some" as will readily be realized by any one who has traversed the Boone Way from Crab Orchard to Mt. Vernon. However, the road from the capital of the East End to Brodhead was in fine shape at recent reports, after the amount of work that was done upon it by Gus Geiszl and his crew last summer. When Editor Albright got home he wrote the following about the roads in his good paper:

The road from Mt. Vernon to Brodhead, since the grader and drag have been run over the grade, is simply fine. It is equal to any of the blue grass pikes. It is certainly a joy to be able to travel on such a road and we believe that if those who have not felt very kindly toward the road proposition, would only make one trip over this splendid piece of road, that they would henceforth be proud of the fact that old Rockcastle, is in position to build such a road and open the avenues of travel connecting us with the outside world. The grade is about completed to Gum Sulphur which leaves less than a mile to connect us with Lincoln. There is nothing like good roads and nothing that could come to a country which means half so much.

Junction City

Herman Stanley, the three-year-old son of Prof. and Mrs. E. L. Grubbs, came out of a closet in the house Saturday morning looking frightened, and on going in to see about it, Prof. Grubbs discovered that he had struck a match and dropped it behind a trunk, and a blaze was coming over the trunk, caused by some loose paper catching a fire. But for the timely investigation, there would have been a big fire.

Miss Bessie Wright has arrived at home from Louisa, Ky., where she was engaged in the millinery business.

The Junction City school resumed work again Monday after a week's vacation on account of chicken pox.

Mr. Richard Preston of Alum Springs, died Sunday night. His funeral was conducted by Rev. Bruce McDonald on Tuesday. He was single and 49 years of age.

The Q. & C. depot is being re-roofed with tin by the repair crew, who have been here several days doing general repair work.

Mr. George Gibson and his crew are here this week fixing signals on the Q. & C.

Mr. F. M. Watson, our local merchant is a strong rival of Mr. Black Ike Shelby in whittling things out of cedar. Mr. Shelby has made happy several housekeepers by making for them butter paddles and shuttles, but Mr. Watson has cut out cedar links, locks, boots, bottles and black board pointers, one of which he presented to Miss Gladys Tucker for use in her school room.

Mr. L. D. Williams and Mr. John Silcox drove through here from Perryville Monday a bunch of fine cattle.

"I DON'T SUFFER
ANY MORE"

"Feel Like a New Person,"
says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute.

My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

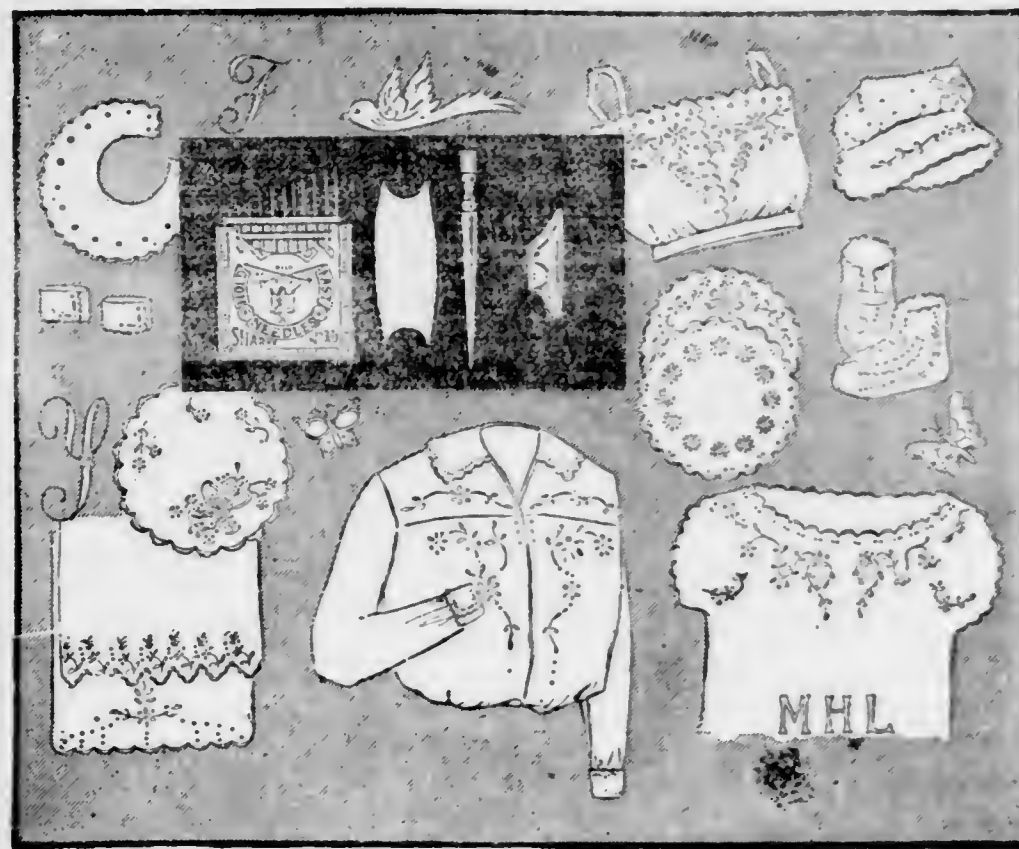

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, it is not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BOOTLEGGERS' NEW STUNT

Liquor dealers are pulling off all kinds of stunts to get their wet goods into the hands of the "whistle-wetters." The latest is reported from Portland, Oregon. A steamer pulled in with four ten gallon milk cans standing on deck consigned to a "cream company." There happened to be a policeman on duty with a good sniffer. He had been taught in childhood the difference between the odor of "booze" and "milk." The cans had false bottoms and in each was less than a gallon of milk, and the other nine gallons was from the "still house cow." The combined effluvia of the four cans was that of egg-nog, milkshake and other "cups of cheer" known to the inner liquor circle.

PURE LIVESTOCK BREEDERS.

The State Department of Agriculture is preparing a revised edition of a "Directory of Kentucky Breeders of Pure Bred Live Stock" and would appreciate anyone who desires his name to appear in same to write the Department direct.

This little bulletin has proven a popular one and is mailed not only throughout Kentucky but to other States as many requests are continually coming to the Department for same. It has served to bring before the public where the best foundation stock can be found in this State, hence the great necessity of being accurate as possible in its compilation and it is the Department's desire to omit no name in this revised edition of any breeder of pure bred live stock in the State. If any breeder who has not already been in communication with the Department of Agriculture in regard to this will notify Mat S. Cohen, Commissioner of Agriculture, Frankfort, Ky., giving name, address and kind of pure bred stock he raises, his name will be included in this directory thus enabling the Department to make a complete and up-to-date revision of same.

NEW EPIDEMIC SPREADING FAST

Nothing to Fear, Though, as
It Makes Folks Laugh.

MANY ARE NOW INOCULATED

H. H. Towson, Salesman, Describes
How He Caught the Popular "Tanlac
Smile," and Relates Suffering He En-
dured Before He Discovered New
Method of Relief.

It's here.
Have you caught it yet?
Nearly everybody, nearly everywhere,
has it. It's taking, it's catching. It's
easy to tell who has it. The symptoms
are a breezy, cheery, happy, healthy,
beatty, energetic, ambitious look—and
a smile.

It's the "Tanlac Smile." People who
have been relieved of suffering and re-
stored to the full enjoyment of health
through taking Tanlac have it.

Tells How He Got It.

H. H. Towson, salesman, 2000 West
Third street, Dayton, has the smile.
Mr. Towson is a traveling salesman
who "makes" Ohio and Kentucky ter-
ritory.

"I wouldn't have tried Tanlac if I
hadn't believed it would help me," Mr.

H. H. Towson, Salesman, Who Tells
How He Got the Popular New "Tan-
lac Smile."

Towson said. "But I must say that
the results I got from taking Tanlac
beat anything I expected.

"For two years I suffered. I had a
pain like heart-burn almost continual-
ly, and my throat would get hot as fire.
I had to be mighty careful what I
ate, I can tell you. Solid foods would
cause pains, and the forming of gas
would make me feel as if I had a
lump in my stomach.

"To top all that I had headaches. I
was miserable most of the time.

Heard of Many Helped.

"Well, to cut the story short, news-
paper after newspaper in town after
town had statements of how Tanlac
had helped so many different people
that I began to take it. I got my first
bottle of Tanlac in Cleveland. Did it
help me? I'll say it helped me.

"I can eat anything I want and not
pay in pain afterwards for the pleas-
ure of satisfying my appetite. And
there is another thing I notice: I used
to tire out quickly—now it doesn't mat-
ter how much I am on the go I finish
strong. And the headaches—they are
things of the past.

"Yes," concluded Mr. Towson, "I
surely do recommend Tanlac because
it is a great medicine."

Tanlac is sold exclusively in Stan-
ford at The Penny Drug Store, E. R.
Coleman, Proprietor.

Tanlac can now be obtained in fol-
lowing nearby cities: Moreland, Ab-
raham Minks; Hustonville, Adams

urday in August, 1917. (Announcement fee

For Sheriff—
J. H. LIVINGSTON.
M. S. BAUGHMAN.
For County Judge—
M. F. NORTH.
For Representative—
H. G. SKILES.

Cecil Williams, a splendid young
democrat and an excellent newspaper
man, has bought of R. L. Brown, a
half interest in the Somerset Journal,
the oldest democratic paper in the
Eleventh district. Mr. Williams
will have editorial control and will
make the Journal the good paper
that its constituency so richly de-
serves. Here's our hand, old boy.

THE DUTY OF DEMOCRATS

(Owensboro Messenger.)
The poor old distillers and brewers!
Have they, after lavishly squandering
their wealth these several years,
been betrayed in the house of their
alleged friends?

It is quite evident that there is a
mad race on between some "wet"
Democrats and "wet" Republicans
in Kentucky to be first under the
wire in conceding that the next Legis-
lature is certain to pass a State-wide
prohibition measure and thus try to
eliminate this question as an issue in
the campaign to elect members of
that Legislature to be chosen in 1917.

It is not conceded that the propo-
sition would be adopted by the peo-
ple at the polls; indeed, believing the
prohibitionists are not prepared for
an early vote, a ridiculous proposition
is made by one Louisville paper that
the Governor should incorporate
this and the woman suffrage issue in
his call for an extra session of the
present Legislature this fall. This
proposition is absurd, for the Consti-
tution plainly provides that constitu-
tional amendments may only be pro-
posed at "regular" sessions of the
General Assembly. The scheme to
couple woman suffrage, in which
there is little interest, with prohibi-
tion is palpably to weaken the latter.

These precipitate utterances are
plainly made in an attempt to fore-
stall a State-wide organization to
work for prohibition, which is an-
nounced in today's news.

Democrats of Kentucky are, it
must be admitted, badly divided on
this issue. Many of the strongest tem-
perance men in the state still favor
county unit local option over prohibi-
tion, but there is no division among
them upon the issue of forbidding
the liquor and beer interests to lo-
minate the party organization, and
to this end they will not be divided
on the question of electing clean
men, high-class men, to the next
General Assembly, who will undo as
near as possible much that has been
reprehensible at Frankfort in recent
years.

This is a duty Democrats owe their
party to save it from utter defeat in
the State election of 1919, and no
amount of dust throwing should di-
vert them from this determination.

BOYLE'S NEXT SHERIFF

Friends here received with much
interest the news that Maurice J. Far-
ris, Jr., of Danville, announced there-
Tuesday his candidacy for the demo-
cratic nomination for sheriff of Boyle
county. Mr. Farris was born in Lin-
coln county at old Pink Cottage
farm and is the youngest son of Mr.
and Mrs. J. E. Farris. He represented
Boyle county in the 1914 legisla-
ture, where he made a splendid
record, in a job which is one of the
hardest in the world to fill with sat-
isfaction to the taxpayers. He well
deserves the nomination for sheriff
or any other office he might ask of
his people for the good work he did
for them when in the legislature.
Mr. Farris is one of the "livest wires"
of Boyle county, game as a peacock
and will give the good people of Lin-
coln's neighbor county strict enforce-
ment of the law in every way, and
make them a model sheriff without a
doubt. He will have as his deputies
it is understood, Jesse W. Overstreet,
of Parksville and Polk Critchfield,

"Pape's Diapepsin" Is Quickest,
Surest Stomach Relief
Known—Try It!

Time it! Pape's Diapepsin will dig-
est anything you eat and overcome
a sour gassy or out-of-order stomach
surely within five minutes.

ably, or what you eat lies like a lump
of lead in your stomach, or if you have
heartburn, that is a sign of indiges-
tion. Get from your pharmacist a fifty-
cent case of Pape's Diapepsin and
take a dose just as soon as you can.
There will be no sour risings, no
belching of undigested food mixed
with acid, no stomach gas or heart-
burn, fullness or heavy feeling in the
stomach, no nausea, debilitating head-
aches, dizziness or intestinal griping.
This will all go, and, besides, there
will be no sour food left over in the
stomach to poison your breath with
nauseous odors.

Pape's Diapepsin is a certain cure
for out-of-order stomachs, because it
takes hold of your food and digests
it just the same as if your stomach
wasn't there.

Relief in five minutes from all
stomach misery is waiting for you at
any drug store.

These large fifty-cent cases contain
enough "Pape's Diapepsin" to keep
the entire family free from stomach
disorders and indigestion for many

Mamma! Don't You See Your Child Is Sick, Constipated

Look At Tongue! Move Poisons From Liver And Bowels At Once

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.

BUCKWHEAT MILL NEEDED?

The Somerset News thinks here is a fine opportunity for a buckwheat mill in the Eubank section. It says: More than the usual amount was sown this year and the farmers, with the aid of the County Agent, organized a Farmer's Club for the purpose of getting better prices, and the price secured has gradually advanced from 80 cents to \$1.25 per bushel. Most of the buckwheat is sold at \$1.00. The price has advanced to \$1.50. There have been 34 car loads shipped from Science Hill and Eubank, and it is estimated that enough has been shipped from Pulaski and Floyd to make

the total number of cars amount to 50 for this season. The cars will average 1,400 bushels which means the total of 70,000 bushels, and the buckwheat shipped has therefore brought in about \$70,000 for this season's crop. When it is also known that this crop can be sown after wheat is taken off, and that does not drain the land of its fertility like many other crops we predict that in the near future, it will rival the tobacco and hemp crops as a money producer for Kentucky farmers. Two crops can be grown from the same land in one year, and it produces as many bushels to the acre as winter wheat. If the present prices are maintained we expect many of our farmers to grow this crop in the future.

OUR LUNGS ARE DELICATE

Overwork, lack of fresh air, mental strain or any sickness disturbs their functions. Stubborn coughs tear and wear the sensitive lung tissues.

SCOTT'S EMULSION

should be taken promptly for hard coughs, unyielding colds, or when strength is lowered from any cause. Its high nutritive value creates resistive force to ward off sickness. The rich cod liver oil improves the quality of the blood to relieve the cold and the glycerine is soothing and healing to the lung tissues. Refuse Alcoholic Substitutes Which Exclude the Oil.

WHY WEST LIKES WILSON

If we say roughly then that the East rejected and the West accepted the President, it is fair to assume that this represents the division of national opinion on the success of Mr. Wilson's domestic and foreign policies? We think not. The West did not go for Wilson because it was convinced of the soundness of a neutrality benevolent to the Allies or because it found his methods of interference in Mexico essentially wise. But the West did like the purpose and temper of Mr. Wilson's foreign policies. It liked his patience, it shared his desire to make sacrifices for peace, it approved the anti-imperialist basis of his attitude towards Mexico. The West surely, and large minorities elsewhere stood by the President because of the net results of his administration—peace at the moment, prosperity, a general sense of good will to the rest of the world and of some fellowship for the humble within the nation.—New Republic.

CARD OF THANKS

We desire to take this means of expressing our deep appreciation for the sympathy and other kind expressions and deeds of our friends upon the occasion of the death and funeral of our beloved daughter and wife, Mrs. T. C. Back—Mr. and Mrs. John B. Dinwiddie and family, and T. C. Back.

WILLIE PARRISH PASSES AWAY
Willie Parrish, the three-year-old son of Mr. and Mrs. Will Parrish, of Hayden's, passed away on Thursday night after an illness due to intestinal auto-intoxication. The little fellow had been ill only five days. The interment will take place Saturday in the Ephesus cemetery. The grieving parents have the sympathy of their many friends and relatives in their bereavement.

ON THE FUNNY BONE

(From Dallas, Tex., News.)
The henpecked husband is not always to blame for his meekness. Sometimes it is absolutely necessary. As we understand it, when a woman minds her own baby she's minding her own business. If Cinderella's slipper had been as high-up as the modern girl's shoe probably the Prince who went around looking for the owner would have been called a rubberneck.

"Father, gimme a good licking" and mame me cry," was the astonishing request little Jimmy made one day. "What makes you want such an absurd thing?" inquired father. "You'll hit me and I'll holler with all my might and mother will wipe my face with her apron and give me a penny and I'll buy candy," came the answer. "Mr. Beats," the grocer said wearily. "I ask you for the last time, will you pay that \$20 you owe me?" "For the last time?" Beats replied cheerfully. "I'm glad to hear you say that, old man. You now, I was getting awfully tired of hearing you ask that foolish question."

AUCTIONEERING

I can get you highest prices for your land, stock, crops or household goods. JOHN B. DINWIDDIE, Moreland. Sales Cried Anywhere.

LIVED ONLY SHORT TIME

A little daughter was born to the wife of Clinton Beagle, near McKinney, about midnight last Sunday, only to brighten their home for a period of one day and night, when she returned to the God who gave her. The young parents are crushed and heart broken over the loss of their first born and have the sympathy of the entire community in this, their first hour of deep sorrow. The little babe was christened Rachel Elizabeth. The remains were laid to rest in the McCormack's graveyard.

NICHOLASVILLE COURT DAY.

At Nicholasville court day, the Journal says: John W. Willis, of the Mt. Lebanon section, who raised a large quantity of Kentucky river bottom grown hemp seed was preparing to ship his surplus seed to Minnesota and California. There were not many cattle on the market, and but few were sold. C. B. Peck sold eight head of yearlings to John Steele at \$21.50 a head; also 12 head of 700 pound cattle at 6 cents to John Jewell. Tucker Cooley sold a Jersey cow to T. J. Curtis at \$40. R. A. Dodd bought three mules from John Simpson for \$625; two from Dick Canter, \$290; one from John West, \$140, and one from Ware Bros., at \$105.

WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?

Letter Tells of Long Looked-for Prescription.
Dear Readers—I am making a personal appeal to those of you who are bothered with kidney and bladder trouble, that you give up the use of harsh salts or alcoholic kidney medicines and in their place take a short treatment of "Anuric." I have taken many of Dr. Pierce's medicines for the past twenty-five years with good results. I suffered with kidney trouble for some years. I recently heard of the newest discovery of Doctor Pierce, namely, his "Anuric" Kidney Tablets. After using same I am completely cured of my kidney trouble. I recommend, heartily, all sufferers to Dr. Pierce, for what he has done for me cannot be estimated too highly. A doctor pronounced me a well preserved woman for my age, all due, I believe, to Dr. Pierce's medical aid.

Yours very truly,
MRS. MELINDA MILLER.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles. Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients, Doctor Pierce has finally decided to put it in to the drug stores of this country within immediate reach of all sufferers, or send 10 cents for large trial package and free book. Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructer for any one

Assistant Jailor John DeBorde, of Crab Orchard, who has been helping his brother, Jailor George DeBorde during circuit court, returned home Saturday.

Ed. C. Walton, the veteran newspaper man, was in Danville a few days since and warmly received by his brethren of the quill. He says that while his venture in Richmond was brief, yet he came out of the deal to the good and is now casting about for another paper. The Crab Orchard Dramatic Club presented the drama "Broken Links" at the Boone Way Opera House, last evening. On account of the inclemency of the weather the crowd was not more than one-half what it would have been had it been pretty weather. "Broken Links" is one of the first-class amateur plays and was very creditably presented by the Crab Orchard troupe.—Mt. Vernon Signal.

Children pull at the heart strings and their slightest illness means anxiety. For nearly a half century mothers have had Dr. King's New Discovery at hand for croup, congestion, coughs, colds and grippe. High School Notes

(By John Reid McKinney)

Saturday, November 18, the football season of the Stanford High was closed with a victory over the combined teams of Nicholasville. The enemies were easily trampled under foot and the oval of pigskin was pushed forward at will by the locals. Their opponents were outclassed at every point and even their captain and mainstay, "Big John" was unable to gain, as soon as the ball was kicked off the Stanford boys began marching down the field just as they pleased. The ball was in their possession most of the time and if Nicholasville did happen to get it, they always soon lost it. Tucker, at quarter played a good game and skirted the ends and tore open the line for good gains. Perkins, in the backfield, could always be counted upon for good gains and when he got the ball it was almost impossible to stop him, taking three or four to down him every time. John Cash showed a lot of speed and did his

part in winning. Baughman, at full, although outweighed by the others behind the line, ducked his head and hit hard and hit the line as game and determined as any one was ever known to. Forward passes were not used very much by the home boys but once, "Tuck" shot the ball to Noe on the end, who received it and made an excellent run through a broken field and when he stopped he was lying between the goal posts for a touchdown. During the last of the game the home boys were eager for another goal and Perkins carried the ball around left end for a pretty touch but the others said he ran out of bounds so had to bring the ball back in only a short distance from the goal. This rubbed the boys the wrong way and "Tuck" snapped the ball and made a dive through Tubby Martin's legs for a touch while Tubby fought the would-be tacklers off like a wild cat. When the final whistle blew "Tuck" had two touches to his credit, "Perk" had two and Noe could account for one. The line was rather light but played a fine game and of course Joe T. Embry came in

for his share of the glory, as usual. The line-up was as follows:

N. H. S.	S. H. S.
Tucker	Johnston
Combs	Baughman
Martin	Perkins
Kines	Martin
J. Johnston	McCarthy
Bell	Cooper
Maynahan	Camenisch
Iglehart	Burton
Burton	H. Cash
Gregg	Embry

Summary—Touchdowns: Tucker 2 Perkins 2, Noe 1; Goals: Tucker 4, Referee, Embry, Centre. Time of quarters 10 minutes.

With the closing out of the football season, that past time has been abandoned and shinney is the principal entertainment for the boys.

Stith Noe, of the Junior class, is numbered with the absent for the latter part of last week and the first part of this.

The days are few and very few, to the delight of all the pupils for the Thanksgiving holidays. Although the vacation is of short duration, it is looked forward to by all.

The report of the football record shows that S. H. S. won a majority of their games this year. In every game they played they went up against teams of larger institutions and larger towns. In only one instance did they outweigh their opponents, that being Nicholasville, and then, Nicholasville had their high school and Threlkeld college to pick their team from. They were game enough to go against the strong eleven of the D. & D. institute, of Danville, and

the Kentucky Eastern Normal, of Richmond. The Richmond squad averaged close to 176 pounds. The home team also played the Ashland Athletic Association, of Lexington and beat them by several points. The games won and lost were:

S. H. S.	0; Normal 44.
S. H. S.	6; D. & D. 50.
S. H. S.	26; Normal 14.
S. H. S.	59; Nicholasville 0.
S. H. S.	34; Nicholasville 0.
S. H. S.	19; Lexington 14.

The above games show Stanford High School to have scored 144 points to their opponents' 122. A return game could not be arranged to suit both parties, so the return game with the D. & D. institute was not played.

Friday afternoon the Freshman girls, under the supervision of Miss Farva, showed their appreciation for what the football team has done for the school by serving them with hot chocolate and tea cakes.

Joe T. Embry, of the Senior class, has been absent several days and is substituting for Frank Weatherford, on route 5.

The Senior Class rings have been sign. They are beautiful patterns and received and are of a very artistic delivery handsome, meeting with the approval of all.

Car Shortage Improves Slowly

The freight car shortage continues to improve very slowly, and it is only through cooperation between the consignee and the railroads that there is any immediate hope of alleviating the situation. The shortage affects coal cars for the most part and the sudden cold weather of last week and the increased demand for transportation facilities has added to the already aggravated conditions. Holding a car more than one day in unloading is considered wasting much valuable time now where formerly several days were permitted before a demand was made for the return of the car. The Queen & Crescent railroad purchased several hundred cars last week for early delivery, while the Louisville & Nashville railroad has secured the return of part of its cars held by other systems and has lifted the embargo placed within the State.

By Being Constantly Supplied With
Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

WHY THE NEWEST FORD
Makes No Noise

Admirers of the new FORD car, with its absence of brass trimmings, its shapely hood and other features that contribute to its neat appearance, will be more than amused at the witicism of the claim that the reason the new FORD is practically noiseless is "because the brass band has been taken off the hood." Brass Bands, always were noisy.

Still laying all attempts at wit aside, the new FORD Touring Car at \$360 and the New Ford Roadster at \$345 are without a peer for economy, low cost, durability and the ability to go where other cars can't go.
